Driver Badly Frightened.

This morning a colored man driving two mules attached to a wagon drove too near a railroad train and an accident resulted. The affair happened near the bridge across Rock creek not far from Garrett Park, where there are workmen engaged filling over a culvert recently put in by the railroad company.

ALEXANDRIA.

COMPLETING GEN. WASHINGTON'S ALLEY. The renewal of the paving in the alley between Pitt and St. Asaph streets, south of Cameron street, is the completion of work begun by Gen. Washington in 1767. In 1763, at the second sale of the town lots of Alexandria extended, he bought the half acre on the southwest corner of Cameron and Pitt streets. It was then a hill descending to a little creek or run. Washington built an office on the hill and made an outlet back to the run. This outlet makes part of the alley now being renewed. In Washington's will be bequeathed this property to his wife, and she, at her death, gave it to her nephew Bartholemew Dandridge, who died on one of the West Laki. the West India Islands, and whose will, written in French, is the only document in a foreign language on the Alexandria land records. The old run is represented now by the great body of water which makes its way south on Pitt street Hartig and W. Kettler.

The church services here yesterday varied little from those which take place on each of the fifty-two Sundays of the year. Rev. Dr. Leubkert of Washington and Rev. Dr. Knubenschue of Illinois officiated at the German Lutheran Church. The services of the pastorless Grace Church were supplied by Mr. A. A. Pruden of the Virginia Theological Seminary. There is no open church in the city attached to the Presbyterian general assembly now in ses-sion in Washington. The Second Presbyterian Church of this city is in affiliation with the southern assembly. There Rev. Dr Le'twich preached last night. The First Presbyterian Church organized because the control of the contro Church, organized here before the revolutionary war, is in abeyance and its church has been closed for some years. This church is part of the presbytery of Washington, and so, of course, has its ecclesiastical connection with the general assembly now sitting at the capital. It is one of the oldest churches in the United States. Its first church edifice was built at the same time as Christ (P. E.) Church, but was destroyed by fire in 1838. Its successor is quite THE "FORTY HOURS" AT THE CATHOLIC CHURCH.

All day today, as well as on yesterday, the devotion of the forty hours have been in progress at St. Mary's (Catholic) Church. Rev. Father Dineen of Harper's Ferry, W.Va., is assisting Rev. John Cutler during the devotion, which was opened after a sermon by Father Dineen yesterday morning and will close tomorrow. The church has not been without many attendants during every hour of today. The May term of the circuit court for this

county, Judge Keith, opened at the Columbus street court house this morning. Messrs. Jutte & Foley of Pittsburg have been awarded the contract for the construc-tion of the Pennsylvania railroad literal track from Waterloo station on the Washington and Alexandria railroad to the Aqueduct bridge.

Convicted and Sentenced. This morning in Justice Cole's court (Criminal, Division 2) John H. Brown was convicted of false pretenses in collecting \$1.50 for Emily Stores, a washer woman, in February last, and sentenced to the Albany penitentiary for three years.

The Milk Cases. Warrants in the milk cases were returned to the Police Court this morning, and the cases will cure you.

Concordia Jugendverein Benefit The boxes have been placed at the disposal of the Princess Eulalie and her suite for the concert given this evening for the benefit of Concordia Jugendverein by many of the musical leaders of the city. Metzerott Hall, it is safe to say, will be taxed to accommodate the crowd. The participants will be thirty-five members of the Georgetown Orchestra, Prof.

WASHINGTON, D. C., April 22, 1893.

Mr. M. W. BEVERIDGE.

DEAR SIR: We have used the Eddy Refrigerator in our ramily for fifteen years and regard it as the very best to be had. The movable slate sheives are a great concenience, being so easily cleaned. Our ice man tells us that the ice keeps better than in any other kind of refrigerator used by his patrons.

Respectfully yours.
